His Majesty's Speech

Nobles and Representatives:

Under the provisions of the 29th and 46th Articles of the Constitution, I have convoked this Extraordinary Session to inform you of the results of the negotiations for a Treaty of Reciprocity, carried on between my Government and the Government of the United States of America, to secure your approval of the same and to consult with you upon the modifications, which your approval will render necessary, in our Tariff.

My Minister of Foreign Affairs will lay before you the Convention of Commercial Reciprocity negotiated in San Francisco between the Minister Resident of the United States and My Minister Plenipotentiary.

He will likewise submit to you the Bill necessary for carrying into effect the provisions of the Treaty.

The admission, free of duty, of a large number of articles from the United States, will create in our Revenue a considerable deficit. My Minister of Finance, ad interim, will lay before you his Estimates of the same, and will provide you with all such additional information as you may require.

I am satisfied that the anticipated benefits of the Treaty of Reciprocity will not be confined to any special branch of our industry, but will extend over all.

I therefore consider it advisable that in re-adjusting our Revenue System, Special taxation should be avoided, and a policy adopted that should distribute the burden equitably and justly upon all classes of my Subjects.

Nobles and Representatives

The Treaty which will be submitted

to you is designed to strengthen the friendly relations now existing with the Government of the United States of America, and to promote the prosperity of this Kingdom.

Relying upon your Wisdom and patriotism, and invoking the blessing of Heaven upon your deliberations, I now declare this Extraordinary Session of the Legislature of the Kingdom open

X (Nobles and Representatives —

During this short but important Session you have approved, by a nearly unanimous vote, the Treaty of Reciprocity with the United States submitted to your consideration. While placing at the disposal of the Executive the amount necessary to defray the additional Expenses incurred, you have at the same time, provided for the greatest part of the anticipated deficit in the Revenue.

I thank you for your patriotism and for these numerous proofs of your confidence. You have done all that you could do, to insure the Success of the Treaty. I hope that your deliberate approval will be followed by a Similar action on the part of the United States, and that two Countries Comparatively near to each other and yet so different in the productions of their Soil, will by this removal of the barriers between them, reap the natural advantages of a free and enlarged Trade.

Nobles

Nobles and Representatives:

In relieving you from your duties, I request you to receive, for yourselves, and to convey to your Constituents, the assurance of my Satisfaction at the evident harmony of views and of action, which Exists between the Executive and the Legislative branch of my Government.

And I do now declare the Legislature of the Kingdom prorogued.)
